CHURCHES ACTIVE

LARGE ATTENDANCE AT ALL HOUSES OF WORSHIP.

Estimated to be over 1200 Members of the Eight Pendleton Churches—Six of the Protestant Churches Contemplate Union Evangelical Meetings—Presbyterian and Methodist Will Probably Be Forced to Build to Accommodate the Attendance—All Auxiliary Societies Are Flourishing.

The beautiful weather of yesterday brought out perhaps the largest attendance of any day, during the autumn months. At all of the Pendleton churches large meetings greeted the morning services and entertaining themes were discussed by all the able pastors of the city.

It is estimated that there are 1200 members of the eight churches of the city, to say nothing of the great number of communicants of churches not represented here. At this time, all the various churches are preparing for a vigorous campaign for the winter. A series of union evangelical meetings is now contemplated by six of the Protestant churches, and the members of all the various congregations are looking forward to this possible series of meetings with great interest and hope.

It is certain that some of them will hold revival meetings, although the details are not yet arranged. The ministerial association is now in active working order, and a general harmony exists and an active co-operation in spiritual affairs is now noticed, that has been long absent in church matters in this city.

All the churches are constantly adding members, both the Methodists and the Presbyterians have new houses of worship in view, at some future date, not far distant. Many of the congregations are growing rapidly, and the present church buildings having been built when the congregations were small and weak, are not now adequate to the attendance that taxes the meetings.

The auxiliary societies are all in a most thrifty and progressive condition. The Sunday schools are active and well attended, and all branches of the religious work are in a flourishing condition.

All the pulpits of the city are filled with exceptionally progressive and alert ministers, and the general forward movement of Christian work in the city is said by all members to be highly gratifying.

THE JEFFERSON FAMILY.

Joseph and Three Sons Are on the Stage—Thomas Jefferson at the Frazer Wednesday.

The Jeffersons are without doubt the greatest family of players ever known to the American stage. Joseph Jefferson is in the fourth generation of this great name and he has five sons, three of whom are on the stage, namely: Thomas, Joseph, Jr., and William.

Charles B. Jefferson, the oldest son, is manager of them all, while the youngest son, Frank, is still at school. Thomas, who comes to the Frazer Wednesday, resembles his father so closely that even their nearest friend can hardly tell one from the other when made up for the part of "Rip Van Winkle." The same might be said of them off the stage were it not for the difference in their ages. "Rip Van Winkle" will be at the Frazer Wednesday, November 30.

"Shore Acres" December 1.

It is not generally known that when Mr. James A. Herne wrote "Shore Acres" about 20 years ago, it was with a view of having it produced at the Boston museum, where the great comedian, William Warren, was the leading player. Mr. Herne had Mr. Warren in his mind for the character of Nathaniel Berry, and hoped he would himself be allowed to play the part of the brother, Martin. Mr. Herne, like many other discerning critics, thought Mr. Warren the greatest comedian this country has yet produced and he would have been only too happy to play second fiddle to this eminent artist. "Shore Acres" was eventually produced at the Boston museum and scored a run of over 100 nights; but it was long after Warren's death and Mr. Herne played the star part. This beautiful drama comes to the Frazer on Thursday, December 1.

The Keiths a Good Company.

The Keith Stock company concluded its week's engagement at the Frazer Sunday evening and departed from Pendleton this morning. During their stay in Pendleton the Keiths drew large houses each evening. They have a repertoire which includes several very clever plays. The specialties are good and for a popular priced attraction they are far in the lead of any show that has been to Pendleton this season.

Doesn't Respect Old Age.

It's shameful when youth fails to show proper respect for old age, but just the contrary in the case of Dr. King's New Life Pills. They cut off maladies no matter how severe and irrespective of old age. Dyspepsia, jaundice, fever, constipation all yield to this perfect pill. 25c at Tallman & Co.'s drug store.

"Shore Acres" December 1.

"Shore Acres" is the next attraction billed for the Frazer theater. This well known drama of heart interest will appear on the night of December 1. In order that persons residing at Helix may attend the performance, the Washington & Columbia River train will be held on the night of the show until 11:30 o'clock.
